Dear Senator:

The final budget bill must do more, not less, to protect the civil rights of people with disabilities. Together, we ask you to:

1. Support additional DD Waivers and ID Waivers for people on waiting lists and in institutions. Funding for new DD/ID Waivers is critical in order to prevent/respond to crisis and ensure community integration.
2. Oppose a 40 hour/week cap on personal care hours for Medicaid Waivers. Enactment of this proposal would result in the institutionalization of people currently receiving Medicaid Waiver services.
3. Support restorations of Medicaid Waiver respite services, reimbursement rates, assistive technology and environmental modifications.
4. In order to achieve system sustainability and protect civil rights, help Virginia transition to a community-based system of care for people with disabilities. Doing so will help Virginia provide better services and support more people in the community.
